

ADDENDUM #2
Genesee County Land Bank Authority
Blight Elimination Program

**Request for Proposals- Environmental Abatement & Disposal of Asbestos and Hazardous
Materials & Demolition and Disposal of Residential Structures in the City of Flint & Genesee
County**

#LB 16-011
June 29, 2016

The following information is to be incorporated into the bidding and contract documents for the above referenced project.

1. Revised Abatement Bid Tabs/Attachment D:

- **Removed 11-07-551-008 7118 N SAGINAW ST from list #3.**
- **Added 07-10-526-164 3301 FLUSHING RD to list #3.**

Abatement bid tabs were correct and remain unchanged from addendum #1.

Each bidder must acknowledge receipt of this addendum on RFP SUBMITTAL REQUIREMENTS CHECKLIST.

BID LIST#	LB 16-011 #1	LB 16-011 #2	LB 16-011 #3
BID AMOUNT	\$ _____	\$ _____	_____

Statement of Experience

Years of Company Experience: _____

Years of Individual Experience: _____

Licenses, Certificates, Accreditations held by firm and/or employees (Provide documentation):

The qualification of assigned project staff and subcontracts, including:

- Relevant professional and educational experience (Provide documentation on attached sheet)
- Identification of specific staff individuals with experience managing demolition projects:

Provide three (3) examples of projects completed in the past 5 years that are similar in nature to projects described in the RFP.

Timeline of projects scheduled concurrent with GCLB projects

Demonstration of Capacity

Number of abatement and demolition projects completed in a week period:

10 15 20 Other _____

Number of employees: _____ How many will be dedicated to this project? _____

List of equipment (can attach list if need): _____

Subcontractor

Will you be using a sub-contractor? _____ Subcontractor DBA: _____

Sub-Contractor Service: _____

Sub-contractor Authorized Representative: _____

Sub-Contractor Years of Experience: _____

Sub-Contractors License or Certification: _____

Sub-Contractor's Number of employees: _____

List of equipment (can attach list if need): _____

Identification of landfills and disposal sites who will participate in the project:

Does Contractor or subcontractor have any EPA, MDEQ, or MIOSHA active investigations? If yes, please give dates and describe incident.

Has the Contractor or subcontractor been the recipient any EPA, MDEQ, or MIOSHA violations or fines in the past three (3) years? If yes, please give dates and describe incident.

I certify that I have the necessary equipment and staffing available in order to complete the Scope of Work outlined in this bid. I certify that I have read the Scope of Work included in this bid.

BID/TENDER FORM #LB 16-011

SUBMITTED TO: Genesee County Land Bank
452 S. Saginaw Street
Flint, Michigan 48502

FOR: Invitation to Bid #LB 16-011 Demolition and Disposal of Residential Structures in the City of Flint & Genesee County:

DATE: _____
NAME OF
BIDDER: _____
ADDRESS _____
TELEPHONE: _____

TO: Genesee County Land Bank Authority (hereinafter called "GCLBA")

Gentlemen:

The Bidder, in compliance with your invitation for bids for the environmental abatement and demolition and disposal of Residential Structures having examined Bid #LB: 16-011 prepared by the Genesee County Land Bank, and other related documents and being familiar with site of proposed work, and with all conditions surrounding demolition of the listed property including availability of materials and labor, hereby propose to furnish all labor, materials, tools, equipment, machinery, equipment rental, transportation, superintendence, perform all work, provide all services, and to perform all work in accordance with Bid #LB: 16-011, within time set forth herein, at prices stated below. These prices are to cover all expenses incurred in performing work required under Scope of Work, of which this Bid/Tender is a part.

Successful bidder agrees to provide performance and payment bonds written by surety acceptable to GCLBA; made in favor of GCLBA as obligee. The Bidder recognizes that the GCLBA may award the bid packages separately and not as a total contract.

Adjustments to bid- In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the GCLBA, or environmental hazards are found, at any time prior to actual demolition, the Authority reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structure(s) from the award and reduce the price by the Contractors' bid for that structure(s).

GCLBA reserves the right to cancel any project(s) that has been issued on a bid or entered into a contract if GCLBA has deemed project(s) infeasible and is unable to proceed with the demolition.

ATTENTION:

Please be advised that flat rate bids will not be accepted. Bids must be based upon actual costs. Any bid submitted with a flat rate for abatement or demolition of structures will be considered non-responsive.

Should respondent submit flat rates for the “greening” portion of the scope (backfill, final grade, seed, and straw), please include a short narrative explaining the methods used to reach the amounts bid (i.e. if using a percentage of demolition costs, how did respondent arrive at the percentage calculation? What is the percentage being used?). Respondents should be prepared to demonstrate reasonableness of bid with supporting documentation upon request.

It is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing. Conditions inhibiting the abatement of identified materials must be thoroughly documented and explained.

Exceptions may be made in the case of roofing materials in good condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. Contractor will remove all identified ACM unless otherwise directed by the Land Bank.

In instances where Contractor intends to leave ACM in place during demolition, this must be specifically noted in the Work Plan with specific addresses and procedures identified.

Where surveys are incomplete due to mitigatable conditions (blocked stairwells, debris, flooded basements, etc.), abatement quote should include cost of addressing barrier so that a thorough inspection can be made prior to demolition.

As described later in the specification, certain regulatory exemptions exist for the removal and disposal of environmental hazardous materials from residential structures. Regardless of any regulatory exemption, the GCLBA has decided to divert certain waste from landfill disposal and therefore will identify select materials during the pre-demolition survey, which will require manifesting and transportation to a licensed treatment, storage, or disposal facility or other appropriate disposal location. A site specific Pre-Demolition Hazardous Materials Survey has been prepared by others and available upon request.

In order to prepare a responsive quote for the abatement of these structures, bidders should request permission from the Genesee County Land Bank to view the environmental surveys on box.com in addition to site visits. Requests can be submitted via email to FFINHOLM@THELANDBANK.ORG, CFREEMAN@THELANDBANK.ORG OR LJAMES@THELANDBANK.ORG.

This RFP includes structures located outside of the City of Flint and scattered throughout Genesee County. While the Genesee County Land Bank secures disconnects of water utilities for structures within the City of Flint, **Contractor will be responsible for securing water disconnects for structures outside the City of Flint in Bid List #3.**

UNIT PRICE FOR DEMOLITION WORK

Environmental abatement and removal and disposal of structures including foundation, basement walls, floors and footings, removal of approach/replacement of curbs, and installation of sidewalk as specified in the contract.

ABATEMENT BID TABS

As described later in the specification, certain regulatory exemptions exist for the removal and disposal of environmental hazardous materials from residential structures. Regardless of any regulatory exemption, the GCLBA has decided to divert certain waste from landfill disposal and therefore will identify select materials during the pre-demolition survey, which will require manifesting and transportation to a licensed treatment, storage, or disposal facility or other appropriate disposal location. A site specific Pre-Demolition Hazardous Materials Survey will be prepared by others and provided to the abatement Contractor.

Bidder Name: _____

Bidder, if awarded a Contract, hereby agrees to commence work under this contract on or around Friday, July 22, 2016 contingent on the cut and plug of utilities – water & sewer, gas and electric; and to fully complete on or before Friday, September 16, 2016.

All demolition work must be completed and GCLBA inspections requested by Friday, September 16, 2016 and all paperwork and payment requests must be submitted to the Demolition Program Manager by no later than Friday, September 23, 2016.

Bidder understands that the GCLBA reserves right to reject any or all Bid/Tenders and to waive any informalities or irregularities herein.

In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the Land Bank, or environmental hazards are found, at any time prior to actual demolition, the GCLBA reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structure(s) from the award and reduce the price by the Contractor's bid for that structure(s).

Upon notice of acceptance of this Bid/Tender, bidder will execute Contract Agreement and deliver properly executed insurance certificates, Performance and Payment Bonds to GCLBA within 10 days.

Bidder acknowledges receipt of following addenda:

If awarded a contract, bidder's surety will be (name of Surety Company).

CERTIFICATION OF SITE VISIT

Before submitting a proposal, each Bidder shall inspect the site of the proposed work to arrive at a clear understanding of the conditions under which the work is to be done. He will be held responsible for having compared the premises with the drawings and specifications, and to have satisfied himself as to all conditions affecting the execution of the work.

No allowance or extra compensation concerning any matter or thing about which the Bidder might have fully informed himself will be allowed. Additional quantities will not be compensated without the GCLBA's prior approval.

ADDRESS, LEGAL STATUS, AND SIGNATURE OF BIDDER

The undersigned does hereby designate the address, given below, as the legal address to which all notices, directions, or other communications may be served or mailed.

P.O. Box (if applicable) _____

Street _____

City _____ State _____ Zip Code _____

Phone _____ Fax _____
