

Genesee County Land Bank Authority Blight Elimination Program

Invitation for Bids- LB 24-009 Environmental Abatement & Disposal of Asbestos and Hazardous Materials & Demolition and Disposal of Residential and Commercial Structures in Genesee County

**ADDENDUM #1
September 27, 2024**

The following information is to be incorporated into the bidding and contract documents and acknowledged by all bidders for the above referenced project. Bids submitted that do not acknowledge this Addendum will be deemed incomplete and may be rejected on such basis.

1. Updated Attachment D to include a price box for list 3, LB 24-009-3 (Attachment 1).
2. Updated Attachment D to replace the following (Attachment 1):
 - a. **Removed:** Utilize the abatement bid tabs provided and highlight ACM that you have excluded in your bid. If not indicated it will assumed and expected that all ACM identified has been included in your abatement bid. Please note, any demolition involving Class I material remaining in place (or PACM) requires the preparation and implementation of a project specific work plan by a Certified Industrial Hygienist (CIH) that is also a licensed asbestos project designer per MIOSHA/OSHA and industry standard 1926.1101(g)(6). GCLBA may request the successful contractor to produce these project specific plans prior to issuing a Notice to Proceed for demolition. **Acknowledge here that you have attached this documentation: _____**
 - b. **Added:** Identify structures in this bid in which ACM will remain during demolition. Bids that do not supply this information may be rejected. If no ACM will remain, indicate "None." If you do not intend to abate ACM roofing, these structures need to be indicated. Use additional sheets as necessary. Please note, any demolition involving Class I material remaining in place (or PACM) requires the preparation and implementation of a project specific work plan by a Certified Industrial Hygienist (CIH) that is also a licensed asbestos project designer per MIOSHA/OSHA and industry standard 1926.1101(g)(6). GCLBA may request the successful contractor to produce these project specific plans prior to issuing a Notice to Proceed for demolition.

3. Questions and Answers: Please see below:
Q: Is this one prevailing wage?
A: No, this does not require prevailing wage.

Each bidder must acknowledge receipt of this addendum on IFB SUBMITTAL REQUIREMENTS CHECKLIST.

BID TENDER SUMMARY

Bidders may opt to omit bid lists they do not have the capacity to complete or are not interested in completing. Please indicate "No Bid" if opting to omit a response to a specific list. Bidders must supply a quote for each structure on a list in order to be eligible for a potential contract for that list. Bidders may be awarded multiple lists if they possess the capacity to complete multiple lists.

| BID LIST# | LB 24-009-1 | LB 24-009-2 |
|---------------------------------------|-------------|-------------|
| BID AMOUNT | \$ | \$ |
| REQUIRED CAPACITY (in whole units) | 3/week | 3/week |

| BID LIST# | LB 24-009-3 |
|---------------------------------------|-------------|
| BID AMOUNT | \$ |
| REQUIRED CAPACITY (in whole units) | 2/week |

Statement of Experience

Primary Contact (Name, title, telephone and email): _____

Indicate whether any of the following has changed since submittal of Pre-qualification Application/Annual Update:

Principal place of Business: _____

Principals of the Bidder. For purposes of this IFB "Principals" shall mean persons possessing an ownership interest in the bidding entity: _____

Bidders' board/officers: _____

Does bidder qualify as any of the following business enterprises? Attach supporting certifications as necessary. Circle: Section 3 / MBE / WBE / DBE

Is this a Section 3 covered contract? _____

List staff that will be committed to this project, staff qualifications, and staff experience.

Include years of experience, relevant professional and educational experience. Identify who will be responsible for oversight in the field, your asbestos competent individual, and the individual/firm that will be responsible for completing Alternate Work Practices as necessary (Attach documentation to include licenses and certifications as necessary)

Asbestos competent individual: _____

Who is completing Alternate Work Practices? Attach their qualifications. _____

Licenses, Certificates, Accreditations held by firm and/or employees not listed above (Attach documentation to include licenses and certifications as necessary):

Timeline of projects scheduled concurrent (within the same timeframe as) with the schedule for this bid:

Demonstration of Capacity

Can Bidder complete abatement, demolition and disposal within the time frame identified in this Invitation For Bids? _____

How many projects did bidder indicate firm could complete per week in pre-qualification application? _____

How many projects can bidder complete per week currently? _____

Please describe a project bidder successfully completed with weekly capacity indicated above:

Number of Bidder's employees: _____

Has equipment list changed since submittal of Pre-qualification Application/Annual Update?

Describe of the steps will you take to oversee environmental abatement work (staff or subcontractors) to ensure that the work is completed in compliance with all applicable state and federal regulations.

Identification of landfills and disposal sites who will participate in the project:

Identify the water source to be utilized for fugitive dust suppression during demolition. What will Contractor use to apply the water to the demolition? Where will Contractor acquire the water?

Identify the business that will be conducting ambient air monitoring:

Identify the business that will be conducting water removal and how/where water will be disposed:

Identify structures in this bid in which ACM will remain during demolition. Bids that do not supply this information may be rejected. If no ACM will remain, indicate "None." If you do not intend to abate ACM roofing, these structures need to be indicated. Use additional sheets as necessary. Please note, any demolition involving Class I material remaining in place (or PACM) requires the preparation and implementation of a project specific work plan by a Certified Industrial Hygienist (CIH) that is also a licensed asbestos project designer per MIOSHA/OSHA and industry standard 1926.1101(g)(6). GCLBA may request the successful contractor to produce these project specific plans prior to issuing a Notice to Proceed for demolition.

All concrete- including foundations and footings- from demolitions with known or suspect Regulated Asbestos Containing Material (RACM) remaining in place must be manifested and disposed of as asbestos containing material. This material cannot be recycled. Provide a listing of properties you acknowledge foundations and footings will be disposed of as asbestos containing material. **Acknowledge here that you have attached this documentation:** _____

Subcontractor(s): FOR EACH SUBCONTRACTED SCOPE, BIDDER MUST SOLICIT QUOTES FROM THREE (3) FIRMS. ONE (1) OF THE THREE (3) FIRMS MUST BE A MBE/WBE. SUCCESSFUL BIDDERS WILL SUPPLY MBE/WBE PROCUREMENT FORMS WITH BID SUBMITTALS. LOWEST RESPONSIVE AND RESPONSIBLE QUOTE MUST BE SELECTED. IF BIDDER DOES NOT SELECT LOWEST QUOTE, AN EXPLANATION MUST BE SUPPLIED. All subcontractors should be listed. Subcontractors must be accepted by GCLBA prior to working on GCLBA projects. The GCLBA must be listed as additional insured on Contractor and subcontractor insurance policies. Subcontractors must meet insurance requirements defined in Attachment A: Bidder's Insurance Checklist.

List scopes for which you plan to utilize subcontractors:

If using subs you must attach the required Genesee County MBE/WBE Outreach Report for each scope you are subcontracting (ex: trucking, abatement, air monitoring, etc.). Have you attached these for each subcontracted scope? _____

Subcontractor DBA: _____

Does subcontractor qualify as any of the business enterprises for which a bidder may receive preference under this bid? Circle: Section 3 / MBE / WBE / DBE

If so, please provide documentation of status and indicate percentage of bid this subcontractor will be contracted to complete: _____

Sub-Contractor Service: _____

Sub-contractor Authorized Representative: _____

Sub-Contractor Years of Experience: _____

Sub-Contractors License or Certification: _____

Sub-Contractor's Number of employees: _____

List of equipment (can attach list if need): _____

Timeline of SUBCONTRACTOR projects scheduled concurrent (within the same timeframe as) with the schedule for this bid:

Describe how you will identify additional subcontractors as necessary. Be sure to explain how you will verify that they are qualified to meet the scope they will complete. Subcontractors could include qualified consultants to complete Alternate Work Practices per MIOSHA/OSHA and industry standard 1926.1101(g)(6), qualified entities to complete well abandonments as necessary, air monitoring firms, dewatering services, trucking services, etc. Attach additional sheets as necessary.

Do you understand that the successful bidder will be held accountable for the performance of subcontractors? _____

Does Contractor or subcontractor have any EPA, MDEQ/EGLE, or OSHA/MIOSHA active or open inspections or investigations? If yes, please give dates, describe visit or incident and any changes to your policies and procedures taken to prevent a reoccurrence. Use additional sheets as necessary.

Has the Contractor or subcontractor been the recipient any EPA, MDEQ/EGLE, or OSHA/MIOSHA violations or fines in the past three (3) years? If yes, please give dates, describe incident and any changes to your policies and procedures taken to prevent a reoccurrence. Use additional sheets as necessary.

I certify that I have the necessary equipment and staffing available in order to complete the Scope of Work outlined in this bid. I certify that I have read the Scope of Work included in this bid.

BID/TENDER FORM #LB 24-009

SUBMITTED TO: Genesee County Land Bank
452 S. Saginaw Street
Flint, Michigan 48502

FOR: Invitation to Bid #LB 24-009 Environmental Abatement & Disposal of Asbestos and Hazardous Materials & Demolition and Disposal Residential and Commercial Structures in Genesee County:

DATE: _____
NAME OF
BIDDER: _____
ADDRESS _____
TELEPHONE: _____

TO: Genesee County Land Bank Authority (hereinafter called "GCLBA")

To Whom It May Concern:

The Bidder, in compliance with your invitation for bids for the environmental abatement and demolition and disposal of Residential and Commercial Structures having examined Bid #LB: 24-009 prepared by the Genesee County Land Bank, and other related documents and being familiar with site of proposed work, and with all conditions surrounding demolition of the listed property including availability of materials and labor, hereby propose to furnish all labor, materials, tools, equipment, machinery, equipment rental, transportation, superintendence, perform all work, provide all services, and to perform all work in accordance with Bid #LB: 24-009, within time set forth herein, at prices stated below. These prices are to cover all expenses incurred in performing work required under Scope of Work, of which this Bid/Tender is a part.

Successful Bidder agrees to provide performance and payment bonds written by surety acceptable to GCLBA; made in favor of GCLBA as obligee. The Bidder recognizes that the GCLBA may award the bid packages separately and not as a total contract.

Adjustments to bid- In the event a structure or structures itemized on this bid is destroyed or substantially destroyed by fire or other calamity beyond its present condition as determined by the GCLBA, or environmental hazards are found, at any time prior to actual demolition, the Authority reserves the right to remove the structure from the bid; or in the event of bid award, to remove the structure(s) from the award and reduce the price by the Contractors' bid for that structure(s).

GCLBA reserves the right to cancel any project(s) that has been issued on a bid or entered into a contract if GCLBA has deemed project(s) infeasible and is unable to proceed with the demolition.

Bid Number: LB 24-009

ATTENTION:

Please be advised that flat rate bids may be rejected. Bids must be based upon actual costs. Should Bidder submit flat rates for the for any portion of the scope, please include a short narrative explaining the methods used to reach the amounts bid (i.e. if using a percentage of demolition costs, how did Bidder arrive at the percentage calculation? What is the percentage being used?). Bidders should be prepared to demonstrate reasonableness of bid with supporting documentation upon request.

- Where surveys are incomplete due to mitigatable conditions (blocked stairwells, debris, flooded basements, etc.), GCLBA is requesting bidders to provide pricing to address conditions so that a thorough survey can be made prior to demolition. Bidders are to include cost to address conditions in abatement bid and coordinate completing survey with Genesee County Land Bank Authority (GCLBA) and surveyor BEFORE completing any additional abatement activities. Change Orders will not be accepted on these properties for access mitigation activities.
- Some of the properties contain vermiculite and bidders are to use caution during demolition and remain vigilant for fugitive vermiculite. Quantities listed in surveys are only estimates. Contractors are to satisfy themselves as to actual quantities prior to submitting a bid.
- **GCLBA does not test for the presence of lead in structures to be demolished. Contractors are to assume lead is present and are to take all necessary measures to protect human health and safety in performance of the work.**
- **It is the policy and practice of the GCLBA to abate what can feasibly be abated despite the condition of the structure, whether or not a structure will ultimately be demolished as asbestos containing. Conditions inhibiting the abatement of identified materials must be thoroughly documented and explained. Exceptions may be made in the case of roofing materials not in poor condition and in cases where a composite sample of drywall and joint compound contain less than 1% asbestos. Contractor will remove all identified ACM unless otherwise indicated in the work plan and accepted by GCLBA, or unless otherwise directed by GCLBA.**
- **In instances where Bidder intends to leave ACM in place during demolition, this must be specifically noted in the Work Plan with specific addresses and procedures identified.**
- **All structural concrete- including walls, floors, and foundations- are to be appropriately manifested and disposed of as asbestos when a structure is demolished with ACM or PACM present, unless bidder submits with their proposal a regulator approved plan for alternative methods of concrete testing and disposal.**
- Please note that unless otherwise noted, Genesee County Land Bank Authority coordinates gas and electric cuts with Consumers Energy and provides successful bidders with cut confirmations to utilize in obtaining permits. In general, GCLBA does our best to put properties out to bid either after retirements are complete or as close as possible to when we anticipate them to be complete. The same applies to water and sewer cuts within City of Flint limits. Successful bidders are to coordinate water/sewer/well cuts/abandonment as necessary in municipalities that are outside the City of Flint. GCLBA coordinates Consumers Retirements for all properties. Sometimes there may be some delays in retirements that require some coordination regarding scheduling once contracted, but we aim to minimize those instances.

- Where applicable, GCLBA is requesting quotes to address conditions inhibiting completion of a thorough survey so that a thorough survey may be completed. Water removal should be completed per municipal requirements. Requirements for testing and requesting a variance within the City of Flint can be found on GCLBA's website on the Contracts and Bids page under "Other Resources for Active Contractors." Debris removal should be undertaken with the oversight of an asbestos competent person. Non-contaminated debris is to be removed to a dumpster and disposed of in a landfill. GCLBA is to be notified if suspect material is encountered during debris removal. It is anticipated that bidders are including costs to address existing conditions for abatement/demolition as necessary where through surveys have been completed.

UNIT PRICE FOR ABATEMENT AND DEMOLITION WORK

Refer to the appropriate Scope of Work in the Appendices attached to this Invitation for Bids/Request for Proposals. Please note that removal of asbestos during demolition is also considered abatement and is governed by the abatement scope though costs should be included in the demolition bid. Tires removal should be included with Hazardous Materials Bid.
